lunch & snack!

Multi-Factored Evaluation

This process is used to identify any students who are not able to access the general curriculum without supports. Special needs are accommodated for all developmental areas, such as...

- Speech
- Motor
- Sensory
- Academics
- Nursing
- Mental Health
- Vision & Hearing

Welcome to

Chillicothe City Schools Preschool

District Mission:

The Chillicothe City School District empowers students to learn, to lead and to serve.

NOW PLAYING!

Step Up to Quality...

The Step Up to Quality Rating System rates each of our preschool programs. Classrooms are evaluated multiple times through the year with the ELLCO, Fidelity Checks & PAS tools to ensure continued quality and rigor.

Leaders...

Our teachers are licensed by the Ohio Department of Education and attend 20-30 hours of professional development annually. Preschool Governing Board is the elected Board of Education.

Preschool Staff are committed to the district's "Leader in Me" initiatives as created by Franklin Covey.

Family Involvement...

- ❖ Progress Reports are provided quarterly. Parent/Teacher conferences are held twice a year.
- ❖ Families are invited to visit the classrooms anytime and volunteering is encouraged!
- ❖ Families receive monthly handouts about preschool development & community activities happening in the area.
- ❖ A Parent Mentor is provided to assist families for students with special needs.

Technology opportunities are offered in each room.

Assessments...

Students are assessed with multiple measures several times each quarter. Remediation and enrichment activities follow, based on the student data.

Creative Curriculum is aligned to the ODE Early Learning Standards.
